

## Mississippi Children’s Health Insurance Program

Effective Oct. 1, 2023

### Overview

The table below outlines the behavioral health services that require prior authorization for the Mississippi Children’s Health Insurance Program (CHIP) contract.

Please check this list before you provide services to UnitedHealthcare Community Plan members. Additional information about prior authorization for behavioral health services can be found in the Optum Behavioral Health [National Network Manual](#) (pages 38-40). If you have additional questions, please call the Customer Service number on the back of the member’s ID card.

**Notes:** All out-of-network (non-participating) providers must obtain prior authorization approval before providing behavioral health services.

All inpatient stays require an authorization. Prior authorization is not required when rendering emergency services.
